### Friends of Santa Claus Need Lots of Help

JUST A COUPLE of items:  
Item 1: Santa Claus is coming next month and everybody is making preparations for the visit.  
Maybe the last part of that previous sentence should be changed to state preparations are being made that every child will be visited by Santa Claus.  
Great work is done in this community to see that Santa Claus gets the names of all the boys and girls, that they all will participate in the joys of Christmas morning. Nothing is as drab as a drab Christmas morning, I guess. I never had a drab one; so I don't really know.

But to get the word around to Santa Claus, a lot of help is needed. For the past twelve years there have been the Friends of Santa Claus who have helped all St. Nick get the toys and the good things to eat to all the children, working with the idea a child gets a much better picture of Christmas if Santa visits his house.

Many Friends of Santa Claus are getting letters telling them how they can help. Any others who want to join in helping Santa Claus can see me. I'll tell you what to do.

Item No. 2: Right after the Elks parade a week ago an anonymous call came to the VFW.

The VFW had marched in the parade and the female voice simply stated "You were a disgrace to the flag you were carrying" and hung up.

I did some checking before I wrote this to see if I could find some little something that might have caused such a remark. I didn't.

Every man in the parade had seen service overseas and that's a pretty strong statement to make about these boys who have fought to keep liberty in our country.

And they fought to keep our free speech, too. Yes, a person has a right to express his opinion but these anonymous calls are all the bunk. There's nothing heroic about an anonymous call.

I've seen these same men out on other occasions—at Memorial Day services where there are but a handful of people; at Veteran's Day services where hardly anybody shows up. But they keep on, just like they did those years ago.

Pay no attention to an anonymous call.

## Expect Sputnik I Rocket to Crash

LONDON (U.P.)—British scientist A. C. B. Lovell said today the rocket which pushed Sputnik I into its orbit may fall to earth at any moment.

Lovell, who heads Manchester's Jodrell Bank Observatory, said the observatory had tracked the rocket and "found it 26 seconds earlier than expected."

"It is rapidly approaching the atmosphere," he said. "Unfortunately if it comes in today it will not be visible in our hemisphere."

He said the rocket might come down as a fireball or might burn up in space. He had thought it might fall during the night over the United States but there was no report on this.

## Ask Full Power For Missile Chief

WASHINGTON (U.P.)—Sen. John Stennis today urged Senate missile investigators to determine quickly if President Eisenhower has given enough power to subordinates overseeing the nation's missile and scientific programs.

At the same time a blue ribbon presidential panel has submitted a hush-hush report to the White House warning that all-out effort was needed to build a defense against Russia's growing missile power.

The report, now said to be circulating at the highest levels of the Defense Department and the Office of Defense Mobilization, was reliably reported to have stressed the possibility that Russian long range missiles may be able to offset the U. S. Strategic Air Com-

JAMES E. FERRELL, former CIPS employee now retired and residing in Harrisburg, is pictured at Grand Tower Power Station at lathe with a special jig which he devised for re-facing boiler handhole plates. Jim, who received the highest cash award ever made by CIPS under its employee suggestion system, holds one of the plates in his left hand.

### James E. Ferrell Receives Highest Award In CIPS Suggestion System

James E. Ferrell of Harrisburg is the recipient of the highest award ever made under the employee suggestion system of Central Illinois Public Service Co., according to an announcement by M. S. Luthringer, president.

Ferrell, who retired last April from his job as machinist at CIPS' Grand Tower power station, recently was awarded \$750 by the company's suggestion committee.

### Union Service at First Christian Church Thursday

The Harrisburg Ministerial Alliance will sponsor a Union Thanks giving service to be held Thursday at 8:30 a. m. at the First Christian Church. The ministerial group extends an invitation to the public to come and worship.

"One of the freedoms that Americans enjoy is the right to worship. Take time to come and give thanks to God for all of His benefits to us," the ministers stated.

The Thanksgiving message will be delivered by the Rev. Charles M. Scott, minister of the First Church of the Nazarene.

The program for the union service is as follows:

Prelude;

Call to worship — Rev. Glen Daugherty, minister of the First Christian church;

Invocation—Rev. Daugherty;

Hymn of Thanks;

Congregational hymn;

Prayer of Thanksgiving — Rev. W. L. Cummins, minister of the First Methodist church;

Presentation of Ministerial Alliance offering—Rev. Daugherty;

Special—Furnished by the First Christian church;

Scripture reading—Rev. Clayton Humphrey, minister of the Gaskins City Baptist church;

Thanksgiving message — Rev. Scott;

Benediction—Rev. William Burroughs, minister of the First Presbyterian church.

The award was an addition to his original award of \$250 made in November, 1956, on his suggestion for a method of re-facing handhole plates in boilers at the power station.

At the time the original award was made, the committee decided to re-consider the award when actual savings from his suggestion could be determined. The recent award was based on the savings realized in overhauling boilers at the power station.

In addition to the two cash awards, Ferrell received the annual award of \$150 for the best suggestion presented to the committee in 1956, making a grand total of \$1,150.

Boiler handhole plates, oval shaped and with a threaded shaft, are inserted in the handholes where tubes are installed in the boilers. By use of gaskets, the plates seal the handholes, making them watertight.

The plates are removed when the boilers are overhauled, then replaced. In operation of the boiler, rust and corrosion form on the sealing surface of the plates, greatly reducing or eliminating their sealing ability. They were formerly discarded and replaced by new handhole plates.

Ferrell perfected a device to use on a lathe making it possible to re-face the oval gasket surface of the plate so that it could be re-used. Each boiler has 1,836 handhole plates.

A native of Derby, Ill., Ferrell was employed continuously by CIPS from March, 1937, until his retirement last spring.

### Three Youths Take Merchandise from Cafe at Delwood

State police searched yesterday for three youths who took merchandise from the Jackson cafe at Delwood.

State Trooper Guthrie Alexander said the boys took a quantity of costume jewelry that was near the door as they went out and fled with the merchandise.

### Two Killed Near Crossville

CROSSVILLE (U.P.)—Two drivers were killed and a passenger seriously injured in a head-on collision on U. S. 460.

Police said the victims were Bobby G. Still, 22, Crossville, and Clarence Berry, 37, Maunie. Berry's wife, Wilma, 49, was in serious condition at a Carmi hospital.

### Hoffman Will Not Seek Re-Election

SPRINGFIELD (U.P.)—State Treasurer Elmer J. Hoffman today took himself out of the 1958 Republican race for his office.

Hoffman's action left former treasurer Warren E. Wright as the only Republican likely to challenge State Rep. Louis E. Beckman, of Kankakee, in the GOP primary next April.

Beckman has already announced his candidacy for the office, with the reported support of Gov. Stratton.

Hoffman, of Wheaton, said Friday he would not seek election next year under the new four year term provided by a recent constitutional amendment.

### Kladiva Rushed To California to Aid Firefighters

Jerry Kladiva of Harrisburg, in charge of fire control on the Shawnee National Forest, has been rushed to California to aid in combating the forest fire.

Kladiva boarded a plane at Marion last night and should be on the line combating the blaze today, Forest Supervisor L. P. Neff stated today.

At least two other fire-fighting experts from the Milwaukee region have been dispatched to California. One went from Rolla, Mo., the other from the Superior National Forest in Minnesota.

### Diminishing Winds Spur Hopes Of Firefighters

AZUSA, Calif. (U.P.)—Diminishing winds today spurred hopes of 1500 weary firefighters battling to encircle a 25,000 acre brush and timber fire raging in the San Gabriel Mountains, about 20 miles northwest of downtown Los Angeles.

U. S. Forestry Service officials said the fire had caused an estimated 25 million dollars in damage to valuable San Gabriel Mountain watershed since it had broken out during a violent wind storm Thursday afternoon. No structural damage was reported.

The blaze roared through rugged, uninhabited mountain canyons during the night after threatening half a dozen foothill communities Friday. The threat was eased late in the day with a sudden shift in winds which turned the flames away from populated areas.

### Find Bridges Guilty In County Court

A county court jury yesterday found Wayne Bridges of Harrisburg guilty of having given away or delivered alcoholic liquor for the purpose of evading lawful provisions prohibiting sale of alcoholic liquor at retail.

Judge Trafton Dennis deferred sentence pending filing of motions, which Arlie O. Boswell counsel for Bridges, indicated he would file.

Prosecution was directed by State's Attorney Robert V. Wilson. Charges had been filed against Bridges following his arrest by Chief of Police Ross Lane and Policeman Tom Gram.

### Injury to Left Hand

Dr. S. H. Frazier, formerly of Harrisburg, suffered a severe injury to his left hand Monday night while unclogging a snow plow he was using at his home in Rochester, Minn. His father-in-law, Loy Barger, said it is believed he will have the use of his hand with possible stiffness in the little finger.

### Frank S. Gray Elected President County Bankers

The Saline County Bankers association, meeting Thursday night at Carrier Mills, elected Frank S. Gray president and Edward Schreffler secretary of the association for 1958.

Mr. Gray is president of the First National bank of Harrisburg and Mr. Schreffler is cashier of the Egyptian State bank of Carrier Mills.

They will succeed Eckert Ozment, president of the Saline County State bank at Stonefort, and Richard Davenport, cashier of the Harrisburg National bank, who are serving as president and secretary, respectively, in 1957.

The group met for dinner at Gibson's cafe, then gathered at the Egyptian State bank for the business meeting.

### Death Takes Mrs. John Aldridge, 67

Mrs. Bessie Aldridge, 67, widow of the late John Aldridge, died in her home at 927 Barnett street Harrisburg, early today.

Aldridge is survived by her children, Layton Aldridge, William Aldridge, John Wayne Aldridge, Bob Aldridge and Mrs. Reba Hull. All of Harrisburg and Mrs. Zella Gschwend of Phoenix, Ariz. Her sisters and brother, Mrs. Mary Shell and Rev. George Jenkins, Harrisburg and Mrs. Lena Schok Royal Oak, Mich., also survive.

The body will lie in state tonight at the Gaskins funeral home in Harrisburg. Funeral arrangements will be announced later.

### Dr. Frey Tells of Work to Train Teachers for Mentally Retarded

Addresses Saline County Association Meeting at Eldorado

foundation and the hope that lies ahead for these children who are helped by medicine and trained teachers' understanding of their problems. He spoke of one former pupil who is now in the teaching field. A real test of results.

Dr. Frey graciously addressed the meeting as a substitute for Albert J. Shaffer, Ph. D., who was in turn scheduled to substitute for Ray Graham, director of special education for exceptional children for Illinois. Those present were gratified by the ability of Dr. Frey to bring so much information on such short notice. Dr. Frey mentioned 15 or 20 names of men prominent in the education and research fields who are devoting their exceptional talents to the work. The names made them more real to the listening audience.

White county, Jefferson county and Saline county joined in this groups meeting and were recognized from the chair. Carl Beggs, fund chairman for the Saline county fund drive, was recognized and spoke briefly of the work in Harrisburg.

Following the meeting, the Jefferson P.T.A. sixth grade mothers doughnut buffet in the school dining room. The questions and discussions started at the end of the meeting were continued informally over the coffee cups.

Mrs. Lucretia Winters accompanied group singing at the piano.

There was a standing tribute and moment of silence for the late Senator Glen O. Jones who so tirelessly worked for this project.

Russell Malan, superintendent of the Harrisburg city schools, also spoke briefly of the work in Harrisburg.

The launching was explained this way: A 1,100 pound Aerobee rocket, in effect a three stage rocket, carried a nose tip containing three "shape charges" of aluminum pellets and explosives. The Aerobee automatically separated at the 35 mile point and the nose tip continued 19 more miles upwards where it exploded, blasting the aluminum pellets into space.

Brighter Than Stars

The blast of the "shaped charge" was very bright — 5,000 times brighter than the Soviet Sputniks and more brilliant than any star in the heavens, according to reports from observers at the Mt. Palomar Observatory some 600 miles away.

The Aerobee rocket, following the "shape charge" by two or three miles, was undamaged by the explosion at the 54 mile point. It was recovered by scientists about 20 miles from the blasting test area.

Dubin said the rocket contained intact instruments which gave information on cosmic rays and also meteoric dust existing naturally in the upper atmosphere.

The experiment, which was suggested by Prof. Fritz Zwicky of the California Institute of Technology, was first attempted in 1947 using former German V-2 rockets. The Oct. 16 project, however, was the first successful attempt and followed a series of failures, scientists said.

## STU Country Column

By Albert Meyer

The turkey has long been ac-  
cepted as the main meat dish for  
overloaded Thanksgiving Day din-  
ner tables. Perhaps this year,  
more than ever before, turkey will  
be served not only on Thanksgiving  
Day but at other times because  
record-breaking production has  
made them available at bargain  
prices. Producers and processors  
are encouraging consumers to eat  
turkey frequently.

The major portion of the coun-  
try's turkey production comes from  
specialized turkey farms where the  
birds are grown by the thousands.  
Today's birds are a far cry in taste  
and quality from the native North  
American wild turkeys that the  
Pilgrim fathers and pioneer set-  
tlers killed for their Thanksgiving  
feasts two or three centuries ago.  
This improvement has come about  
through selection, breeding, better  
feeds and other production and  
processing research.

At the modern supermarket meat  
counters, housewives today may se-  
lect turkeys of the size suited to  
the dinner needs. These may vary  
from small six to eight pound  
turkey hens to 30-pound toms, at-  
tractively prepared for the oven.  
Modern scientific production meth-  
ods have enabled producers to mar-  
ket these improved turkeys at  
prices which compete favorably  
with other meats and put them  
within financial reach of great  
masses of consumers.

The turkey industry reports that  
the percent of the light breeds has  
been going down slightly since  
reaching a peak in 1954, indicating  
a slight tendency toward increased  
use of bigger birds. In 1954 the  
18.1 million lightweight turkeys  
marketed comprised 29 percent of  
the total production. This year the  
13.3 million lightweight turkeys  
produced will be about 17 percent  
of the total.

Cold storage holdings of turkeys  
on October 1 amounted to a record-  
breaking total of about 150,000,000  
pounds as compared to 98,000,000  
pounds at the same time last year  
and to the five-year average of 78,  
500,000 pounds. About 60 percent  
of the holdings were eviscerated  
tom turkeys. Last year the hold-  
ings of toms was only 32.83 per-  
cent of the total storage. The  
smaller broiler-fryer type turkeys  
in storage this year comprises  
about 6.11 percent of the total.  
Heavy early season production and  
slaughter is thought to account for  
the heavier storage holdings.

The heavy 1957 production has  
meant some profit difficulties for  
the producers because prices are  
being pressed down slightly. For  
example, prices to growers for live  
turkeys averaged 22.9 cents per  
pound in mid-September as com-  
pared to 28.7 cents at the same  
time a year ago. Growers averaged  
22.6 cents per pound for live birds  
in August. Consequently, consumer  
prices for dressed turkeys this  
Thanksgiving are likely to be at  
least two or three cents per pound  
less than last year. However,  
heavy sales promotion by the tur-  
key industry is promising some  
strengthening of market prices af-  
ter Thanksgiving.

The 1957 production for the  
United States will be about 81,000,  
000 turkeys, five percent more than  
in 1956. California is the top pro-  
ducing state, followed by Minne-  
sota, Virginia, Iowa, Texas, Mis-  
souri, Ohio, Wisconsin, Indiana and  
Arkansas.

An appropriate bit of advice to  
the housewife who is considering  
turkey for Thanksgiving is to order  
the bird a few days before it will  
be needed so that the supplier  
may give better assurance of pro-  
viding a plump, well-fattened, ten-  
der turkey of the size desired. Not  
all meat markets are able to keep  
on hand a full stock of all sizes,  
but if they have advance orders  
they are able to get the correct  
coming overstocked and losing  
profits.

A good yardstick for deciding on  
the size of turkey needed for din-  
ner is to allow at least one-half to  
three-fourths pound of dressed  
bird per person. If the turkey is  
small, individual portions may need  
to be a bit larger. Generally, a  
15-pound turkey will provide serv-  
ings for 20 persons.

## DIXON SPRINGS

University of Illinois Experiment Station

(A round-up of the week's work,  
activities, and observations at the  
University of Illinois Dixon Springs  
Experiment Station near Robbs in  
southern Illinois, prepared by the  
Station staff.)

It's more or less a rule of thumb  
on the Station to cull cows from  
the beef herd when they reach 10  
years of age. So it was unusual to  
find this year at roundup a cow  
12 years old. Even more unusual,  
she stayed. There is only one an-  
swer—she is an unusual cow.

A check into her record shows  
that she has weaned 10 calves be-  
tween seven and eight months of  
age weighing an average of 465  
pounds. Even more spectacular,  
this year as a 12-year-old she  
weaned a 490-pound calf. Cows are  
in their prime as five, six, and  
seven-year-olds. This cow was no  
exception to this rule. At those  
ages she weaned calves weighing  
540, 540 and 500 pounds respec-  
tively. All of her calves were pro-  
duced without creep-feeding. This  
is a true measure of her producing  
ability.

#### Another Rule of Thumb

Most herd owners apply this rule  
of thumb: For each day of age, a  
calf should weigh two pounds. This  
is a high expectation and many  
cows fall short of it. But unless  
we keep good records and get  
weaning weights, we will never  
know. Without such information  
our high-producing 12-year-old cow  
probably wouldn't be around today.  
Nor would we have been able to do  
an intelligent job of selecting her  
heifer calves for replacements.

All of this leads up to a little  
urgency. Why not put your herd on  
production test through your  
county farm adviser? All you need

## Corn Harvest Slow in State

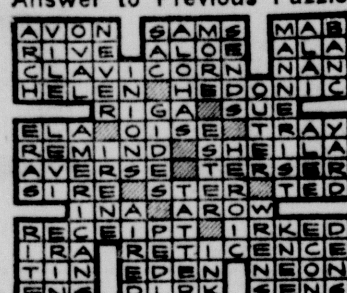

SPRINGFIELD (UP)—The Illi-  
nois Crop Reporting Service said  
today about two-thirds of the state  
corn crop now has been picked but  
that this is the latest harvest since  
1951.

The corn harvest is running  
three weeks behind the average,  
and usually by this time 90 percent  
of the crop has been picked.  
The slow harvest is due to too  
high moisture content in much of  
the crop, running as high as 20  
percent in the northern counties  
and 30 percent in the southern  
counties.

Cool weather has limited the top  
growth of the winter wheat crop,  
the service said, but the plants are  
vigorous and have good color.

A University of Illinois farm  
economist points out to farmers  
that storing ear corn with more  
than 20 percent moisture is risky  
business unless a dryer is used.

## Answer to Previous Puzzle

## Illinois Forests Less Than 50 Per Cent Efficient

Illinois forests are loafing on the  
job—producing only half a billion  
board feet annually when they're  
capable of producing one and one-  
third billion.

Ralph Lorenz, forester at the  
University of Illinois College of  
Agriculture, attributes this poor  
production to improper manage-  
ment of farm woodlands. These  
woodlands make up 90 percent of  
all Illinois timberland. More than  
half of them are abused by graz-  
ing, which destroys young trees  
needed for further production. Al-  
so, one-third are damaged by fire.

Illinois ranks 35th in lumber  
production, with an output of less  
than one percent of the total na-  
tional production. Although this  
may seem small, the state's lumber  
industry employs more than 12,000  
people with an annual payroll of  
\$45 million. And the manufactured  
value of its raw material is over  
\$67 million.

Although much Illinois land is  
primarily suited for cultivated  
crops, two and one-half million  
acres need reforesting. Because of  
its lower fertility value, this land  
is better suited to growing timber  
than crops or pastures. About four  
million acres of forest remain in  
Illinois, or about 11 percent of the  
total land area.

All of the softwoods and three-  
fourths of the hardwoods used in  
the state must be imported. This  
is ironic because our forests are  
capable of producing all the hard-  
wood we need. Softwoods, though,  
such as fir, spruce, pine and other  
evergreens, either are not suited  
to Illinois environmental condi-  
tions or are not available in com-  
mercial quantities.

According to Lorenz, the forest-  
ry situation in Illinois can be im-  
proved by increasing production of  
our forest lands through sound  
management and by using land  
best suited for forest trees for  
growing crops of timber.

Mr. and Mrs. Herman Schwartz  
Announce Daughter's Engagement

Miss Mary Elizabeth Schwartz  
(Foster Studio Photo)

Mr. and Mrs. Herman Schwartz, 616 West Parish street, Harrisburg, are announcing the engagement of their daughter, Miss Mary Elizabeth Schwartz, to Paul Edwin Chase, 3136 Emerald street, Chicago, son of Mrs. Pauline Butler, RFD 3, Harrisburg.

Miss Schwartz is a senior student at HTHS and is doing Office Occupation work at The Daily Register.

Mr. Chase is employed by the Bell Telephone company and was graduated from HTHS in 1954.

Wedding plans are indefinite.

Mrs. Helen Gullet Hostess For His Disciples Class

His Disciples class of the Dorrisville Social Brethren church held its November social in the home of Mrs. Helen Gullet recently. The meeting was opened with singing and prayer led by Mrs. Gullet. Plans were made for the Christmas social meeting which will be held in the home of Mrs. Audrey Reed, Dec. 17. "Concert at the Clothehouse" was the subject for the devotion given by Mrs. Wilma Gullet, and roll call was answered with the names of the prophets. Mrs. Cordelia York, class teacher, closed the meeting with prayer.

During the social hour games were played and prizes awarded to the winners. Refreshments of chicken salad sandwiches, pumpkin pie with whipped cream coffee and cold drinks were served. Others present were: Mrs. Lucille Pankney, Mrs. Audrey Reed, Mrs. Helen McGee, Mrs. Thelma Killman, Mrs. Pauline Duffee, Mrs. Mabel Stricklin, Mrs. Margie York, Mrs. Gladys Austin, Mrs. Virginia VanBibber, Mrs. Wanda Lightner and daughter, Barbara, and Mrs. Sarah Fox and sons Phillip and Charles.

Mrs. Barbara Fowler of Galatia left Wednesday to join her husband, Jack Fowler, who is in the U. S. Navy. He is stationed with U. D. T. 21, Little Creek, Va.

# Ghoul Killer Is Committed

WAUTOMA, Wis. (UPI)—Ed Gein, "the butcher of Plainfield," today awaited transfer to the mental institution where he may spend the rest of his life.

In a nine-minute hearing Friday, Circuit Judge Herbert Bunde ordered the slightly built Gein committed to the Central State Hospital for the Criminally Insane at Waupun, Wis. Officials there will determine if Gein is sane enough to stand trial for the slaying of Mrs. Bernice Worden, 38, Plainfield, Wis., whose body was found eviscerated last Sunday in Gein's junk-cluttered "House of Horrors."

Gein also admitted the slaying of Mary Hogan, a Pine Grove, Wis., saloon owner, three years ago. He said he slew and decapitated both women because they reminded him of his mother.

Immediately after the arraignment, county officials huddled for an hour, then announced plans to dig up the graves of several women whose remains were stole on macabre night-time forays, according to Gein.

# Award Edmister Contract for Consolidated School

ELDORADO, Ill. — Stanley Edmister, Eldorado, has been awarded the contract for construction of the new District 99 Community Consolidated School building on the outskirts of Eldorado. His base bid was \$155,384, and was the lowest of several bids submitted to the board of directors.

Sutton Electric Co., Eldorado, was the low bidder on the electrical work at \$14,000. The plumbing contract was awarded to the H. & H. Equipment Co., Mt. Vernon, Ill., at \$38,894, and the kitchen equipment contract was let to the R. & R. Kitchen Equipment Co., St. Louis, Mo., on a bid of \$7,252.50.

School District 99 was formed by the consolidation of four other districts, Bixler, College Heights, Cross Roads and Green Hill. The school buildings in these four districts will be sold as soon as the new one-story brick and stone structure has been erected on the 14-acre site purchased recently by the school board. It is hoped to have the building ready for use next September.

# Seven Pairs

PINE RIDGE, S. D. — A 34-year-old mother, whose husband is out of work, has given birth to her seventh set of twins.

Mrs. Marcella Big Crow is the mother of 16 other children in addition to the latest set—a six-pound, eight-ounce girl and a seven-pound, seven-ounce boy.

Doctors called the births "highly unusual" but refused to speculate whether they set a record.

The parents have a family history of twins.

The fund was established to help graduates of Illinois high schools get a college education. The winners will be selected by competitive examination.

# Prince Charles Ducked in Battle Royal at School

LONDON (UPI)—Daily Mail columnist Paul Tanfield today reported a battle royal at Cheam School—a boys-will-be-boys tussle in which Britain's Prince Charles was ducked under a cold water tap.

Tanfield quoted Cecil Cox, the barber who trims students hair at Cheam, the school where 9-year-old Prince Charles is getting a public school education.

"A lad who was bigger and older than Charles was holding his (royal) head under one of the bath taps one day I was at Cheam," Tanfield quoted Cox as saying.

"Charles was shrieking away at the top of his voice. So I said, 'Why stand for that, youngster? Do the same to him.'"

"They fought for fully 15 minutes. At last Charles got this lad's head over the bath. But he hadn't the strength to hold him there and turn the tap on. So he let him go—and filled the bath."

"Then they went at it again for another 15 minutes. At last, Charles tumbled this lad in. He (the prince) is strong as a young ox and game, too."

"The only trouble was that Charles went in as well. There they were, both fully dressed, and up over the knees in it, soaked."

Cox said the royal student has earned himself a dual reputation in the weeks he has been at Cheam. His manners are exemplary, but he has a habit of using his voice to the full. That habit earned him his only punishment mark, for shrieking in the dormitory, Cox said.

# 64 Red Nations Call for Ban on Nuclear Weapons

Peace Manifesto Is Issued by Communist Leaders

MOSCOW (UPI)—The Communist parties of 64 nations issued a "peace manifesto" Friday night appealing for a ban on nuclear weapons and an immediate end to nuclear tests.

The appeal, which closely followed previously expressed Kremlin policy, was compiled by Communist leaders in Moscow during recent celebrations of the 40th anniversary of the Russian revolution.

It followed Friday's 12-nation communique warning that if "bellicose imperialist maniacs" start a war "imperialism will doom itself to destruction."

The Yugoslav delegation in Moscow signed the peace manifesto but did not sign the communique which was sharply critical of U. S. and western foreign policy.

The manifesto said the "bloody consequences" of the second world war "have not yet completely disappeared and already hovering over the homes of peaceful towns and villages is the sinister spectre of another war 100 times more destructive."

The document said if another war should break out "it would surpass in destruction anything that mankind has yet experienced. In the next war there will be no shelter or safety."

The 3,500-word document began with a prediction of what a new war would be like and reminded the world that 10 million persons died in World War I and 30 million in World War II.

## In Memoriam

In loving memory of Henry  
Gates, who departed this life Nov.  
23, 1948, nine years ago today.  
We miss you in the Springtime.  
We miss you in the fall.  
We miss you in the summer,  
But winter most of all.  
Lovingly missed by wife, Mrs.  
Ruth Gates, children and grand-  
children. \*125-1

## In Memoriam

In loving memory of my husband  
George Owens, who passed  
away Nov. 23rd, 1954.  
What would I give to clasp his  
hand,  
His happy face to see,  
To hear his voice and see his  
smile  
That meant so much to me.  
Sadly missed by his wife, Ida  
and sister and brother. \*125-1

## In Memoriam

In loving memory of Brenda  
Jean Hendrickson, who passed  
away five years ago, Nov. 21,  
1952.  
Sweet flower of heaven: birth,  
She was too fair to bloom on  
earth.  
Sadly missed by mother, Mrs.  
Claudine Funkhouser and sister,  
Barbara. 125-1

## Card of Thanks

ABNEY—Since it would be im-  
possible to contact so many per-  
sonally, we take this opportunity  
to extend our most sincere gra-  
titude for the beautiful flowers and  
acts of condolence during the re-  
cent illness and funeral of our  
loved one, W. Omer Abney. Our  
most heartfelt thanks to Rev. Bertie  
Smith for his comforting service  
and prayers, to the choir of the  
Baptist church of Carrier Mills for  
their lovely music, to the pallbear-  
ers and flower girls. To his many  
friends and former hunting com-  
panions and to the Miller funeral  
home our deepest appreciation.  
Ottis and Bob Abney. 125-1

LANE—In the midst of our sor-  
row, we wish to express our heart-  
felt thanks and appreciation to  
friends, neighbors and relatives,  
who helped us in any way during  
the loss of a beloved mother, Mrs.  
Nellie Lane. We especially thank  
the Rev. Ben Bradshaw, and Rev.  
Robert Biggerstaff for their con-  
soling words, all the donors of  
beautiful flowers and food, the pall-  
bearers, flower girls, and the Amer-  
ican Legion. Also the Rees Turner  
funeral home for kind efficient  
services.  
The Lane family. \*125-1

Dost think this turkey will please the Pilgrim Fathers?  
Those cranberries have been strung with careful fingers, the bird itself has been roasted to just the proper degree of succulent brownness, and that bit of wheat, lying on the table, symbolizes the rich bounty of this year's harvest.

If our Puritan maid, Priscilla, looks a bit skeptical, it is only because she is wondering if tom turkey will be big enough to satisfy all the hungry guests.

They will be coming with vigorous appetites, whetted by the walk through snow covered fields from Church, where they have given thanks for their good fortune.

And on all Thanksgivings since that first one, thankful people have knelt in prayer. Thanksgiving is our own American holiday, unlike any other. It is deeply religious in nature. We can only observe it if, like the Pilgrims, we go to church to give our thanks. And never have a people had cause to be so thankful for so much.

## THE CHURCH FOR ALL... ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

## Galatia, Rosiclare, Cave-in-Rock Win Greater Egyptian Games

Galatia, Rosiclare and Cave-in-Rock racked up victories in Greater Egyptian conference play Friday night, winning from Pope County, Shawneetown and Equality respectively.

Over at Galatia the Bearcats walked to a 69-55 victory at the expense of Pope County, with Wayne Thornberry, 6-2 senior, setting the scoring pace with 16 points. Two teammates were close in the offensive department, Thornton Davis counting 15 and Gary Hill 14.

Getting away to a 17-10 first quarter lead, Galatia was in front all the way, leading 40-27 at the half, 56-44 after three quarters and the final was 69-55.

Boaz and Webb tied for Pope County scoring honors, with 13 points each.

Shawneetown, still without the services of their big sophomore, 6-4 Jim Brazier, just couldn't keep up with the bigger, faster Rosiclare Bears.

GEC defending champion Rosiclare remained unbeaten in league play with a resounding 75-53 decision over the Shawneetown Indians.

The winners raced away to a 13-5 lead in the opening quarter and were never in difficulty.

Croft swished the nets for 19 points to take scoring honors for the game and his teammate Donnie Seay had 17. Two others, Mason and E. Green had ten each, to give the winners four players in double figures.

Cox and Monroe, with 16 and 13, topped Shawneetown's efforts.

There were 51 fouls called in the game, 25 in the last quarter.

Cave-in-Rock pulled the iron-man act in winning 71-62 from Equality, with the five starters going the distance.

Equality played the Rockers on more than even terms in the first half, holding a 32-28 halftime lead.

Starting the third frame, with Equality playing a pressing de-

fense, the Rockers were able to break away and ran up a big 27 points in the period to take a 55-47 three-quarter time lead.

Switzer was the big man in the Rockers scoring with 27 points. H. Barnett topped Equality with 15 markers.

## Calhoun Floors Boyd for TKO

NEW YORK AP — Chairman Julius Helfand of the N. Y. State Athletic Commission today approved Rory Calhoun's controversial "double knockout" victory over Bobby Boyd.

Middleweight contender Calhoun of White Plains, N. Y., floored Boyd of Chicago twice in the second round for a technical knockout at 25 seconds of that session in their TV-radio fight at Madison Square Garden Friday night.

"Although I thought referee Al Berl stopped the fight the first time Boyd went down, there will be no commission investigation of Berl's actions in the ring," Helfand said. "His technical knockout on the second knockdown stands."

Apparently most of the 2,800 garden spectators thought the fight was finished when a booming right to the chin dropped lanky Boyd, an 11-5 underdog, early in the second round and the referee waved his hands in criss-cross fashion over Boyd at the count of nine. As Boyd lurched to his feet and almost fell through the ropes, surprise silenced the garden as Berl motioned for the fighters to continue.

Calhoun hurried out of his own corner and blasted Boyd to the deck with another right to the chin. Then Berl, without counting, waved that the fight was stopped.

## Celtics Seek 13th Straight Win

By United Press  
Will No. 13 prove to be a jinx to the Boston Celtics?

Unbeaten in their first 12 games in the National Basketball Association this season, the Celtics go after their 13th straight victory tonight when they entertain the Minneapolis Lakers.

Boston already has beaten Minneapolis twice this season, downing the Lakers, 103-94, in their first meeting and later edging them, 107-104.

Syracuse visits New York and St. Louis hosts Detroit in other contests tonight.  
Clyde Lovellette tossed in 30 points and scored the decisive basket in leading Cincinnati to a 102-98 victory over Syracuse in Friday night's only game.

## Ridgway Beats Eldorado, 66-46, For Fourth Win

Remain Unbeaten;  
Second Straight  
Loss for Eagles

Ridgway remained undefeated Friday night by taking a 66-46 decision from Eldorado. The game was played in Eldorado's new gym.

The verdict was Ridgway's fourth of the year and Eldorado's second loss in as many starts.

Eldorado's tight defense kept the ball away from Roger Suttner, Ridgway's towering center, in the early part of the game and with the other Ridgway boys failing to hit the teams saw-sawed through a quarter and a half. Then the winners began to move and steadily pulled away.

After trailing 5-1 in the opening minutes, Eldorado rallied to pull away for an 8-5 lead, the score was tied at 10-10 with :46 to play and Eldorado led 12-10 at the end of the quarter.

With 5:12 to play in the second frame Eldorado enjoyed a lead of 18-13, then Suttner hit his first field goal of the night and Ridgway began to click, taking a 21-10 lead at the 2:37 mark and by the end of the first half Ridgway was on top 28-23.

Clifford's 11 points in the first half kept Ridgway in the game and Suttner's 16 in the last half gave him a total of 19 and the game's scoring honors.

Ridgway won the preliminary game 35-34.

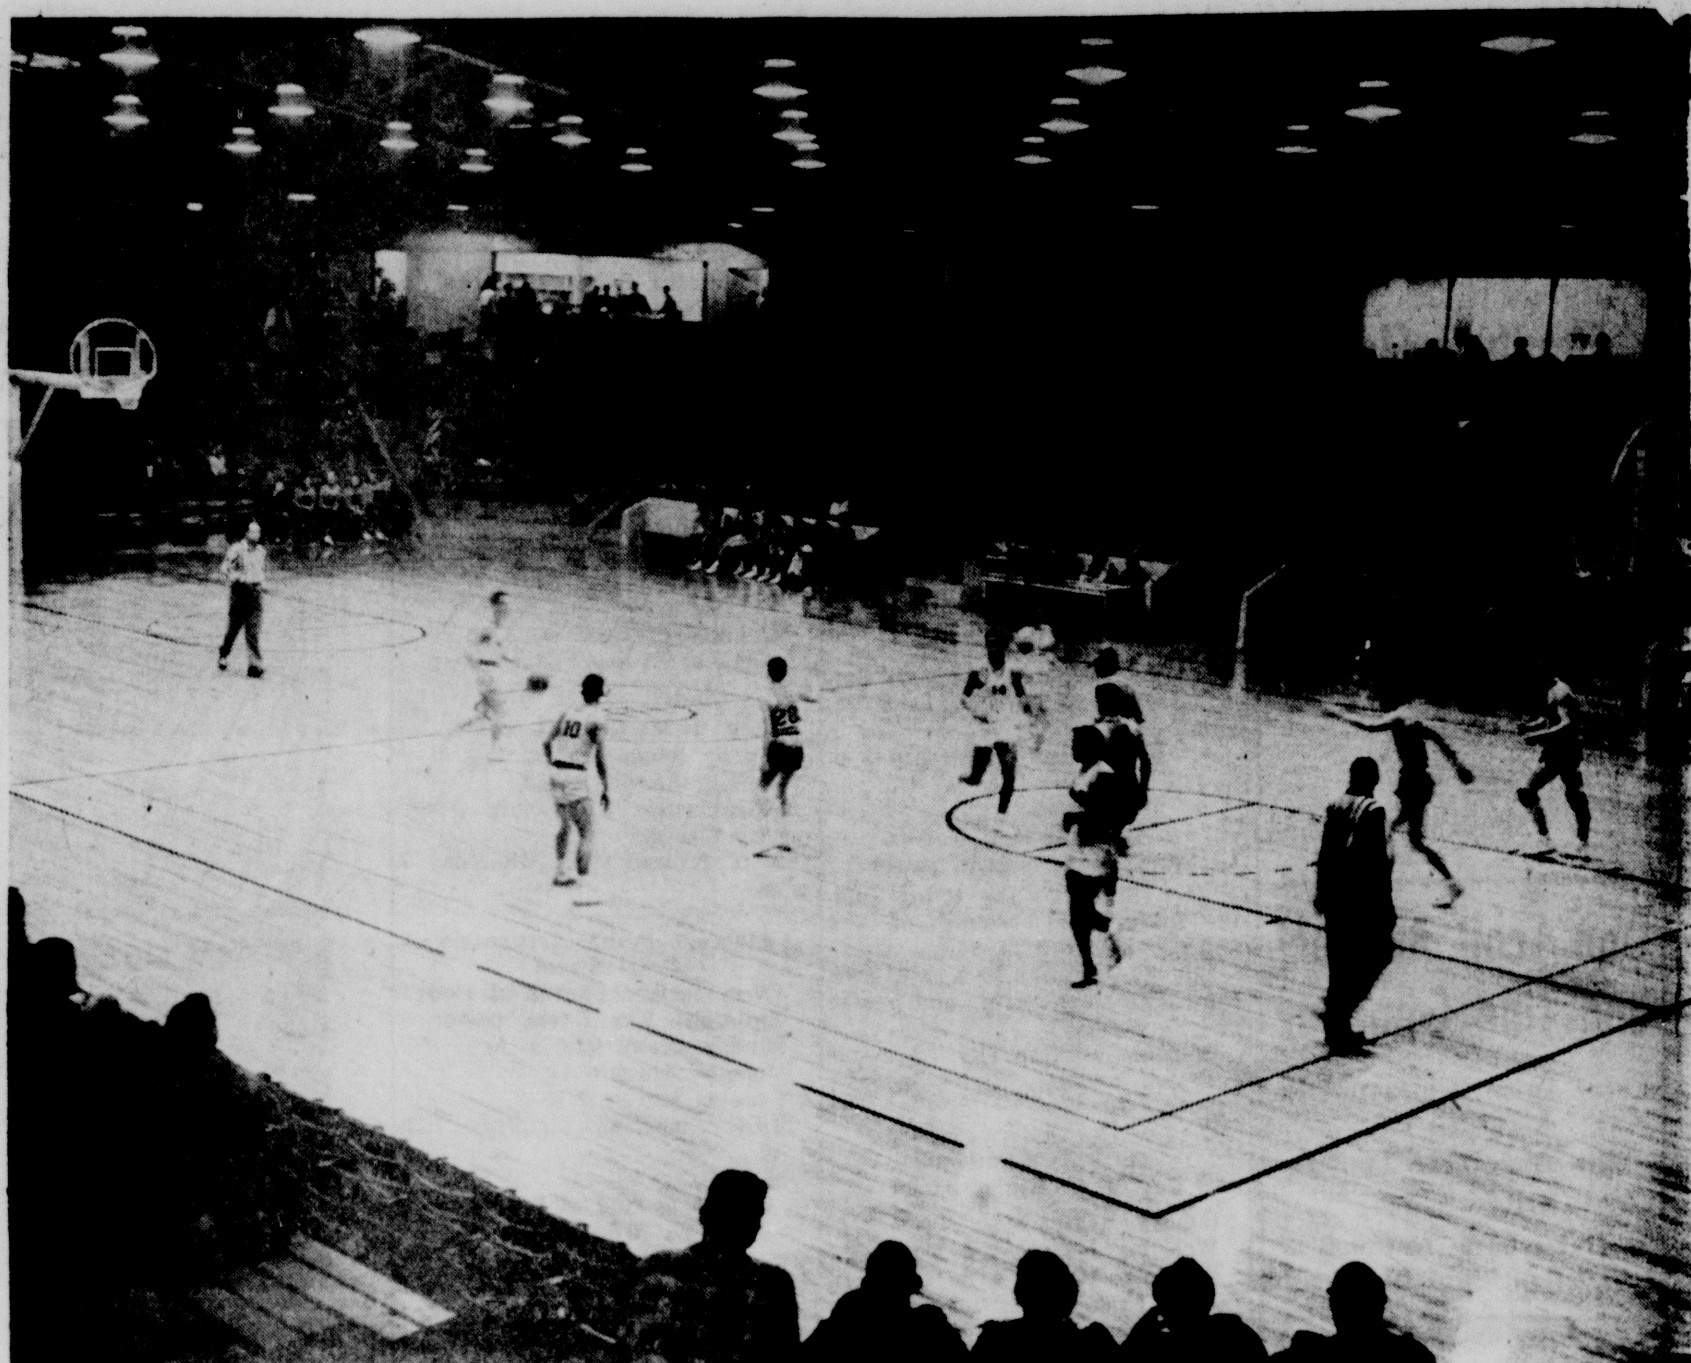

Crossville plays at Ridgway Tuesday and the next game for Eldorado is listed for Nov. 30, facing the Harrisburg Bull Dogs in Davenport gym.

ELDORADO'S LARGE, MODERN GYMNASIUM has just about every facility and convenience a high school gym could have. There is approximately three feet between the seats and playing floor boundaries, giving the players plenty of protection on edge-of-the-floor plays. Of bowl-type construction the gym will seat

4,500, with three rows of comfortable, folding chairs and many rows of bleacher seats. There are special sections for the teams, away from the regular seating, water fountains near each team section, large concessions stands and rest rooms.
